BATTERIES

There are multiple household battery drop-off locations throughout Tulare, plus residents can place used batteries (ends taped) in a Ziploc bag on top of the trash can to be picked up.

Why Recycle?

- Updating your services to include recycling and composting may provide opportunities to reduce service fee costs.
- Recycling helps conserve resources and creates a healthier environment for our community and future generations.
- Business and multi-family: As of July 1, 2012, California State Law requires that multi-family residences with 5 or more units must incorporate recycling as part of solid waste services.

How to get started.

It's easy to recycle.

- Use the information on the inside of this brochure to learn what items are recyclable and compostable.
- Make sure to separate your recyclable items from the trash inside your home.
- To collect organics for composting, separate food scraps listed on the inside of this brochure and place them into the green compost bin.

For information on residential waste haulers and other recycling solutions, please visit us at:

Tulare Public Works

RESIDENTIAL RECYCLING

Recycling helps conserve resources and creates a healthy environment for our community and future generations.

Place refuse, recyclables, yard waste, and food scraps into the corresponding collection containers.

For additional information, please call
559-684-4325 or visit
www.tulare.ca.gov

RECYCLING

Place all of these items in the blue recycling bin.
